The EUR 125,000,000 3.47 per cent. Notes due 2028 (the **Notes** and each a **Note**) will be issued by AXA (**AXA** or the **Issuer**). The Notes will constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer, as described under "*Terms and Conditions of the Notes – Status of the Notes*".

This prospectus constitutes a prospectus (the **Prospectus**) for the purposes of Article 6.3 of Regulation (EU) 2017/1129, as amended (the **Prospectus Regulation**). This Prospectus contains information relating to the issue by AXA of the Notes.

The Notes will bear interest at a rate of 3.47 per cent. *per annum* (as more fully described in "*Terms and Conditions of the Notes – Interest*") from, and including, June 17, 2024 (the **Issue Date**) to, but excluding, June 17, 2028 (the **Maturity Date**), payable annually in arrear on each Interest Payment Date (as defined in "*Terms and Conditions of the Notes – Interest*"), commencing on June 17, 2025.

The Notes will be redeemed at their principal amount on the Maturity Date, unless previously redeemed or purchased and cancelled. This Prospectus has been approved as a prospectus by the *Commission de Surveillance du Secteur Financier* (the **CSSF**), as competent authority under the Prospectus Regulation. The CSSF only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Approval by the CSSF should not be considered as an endorsement of the Issuer or of the quality of the Notes. By approving this Prospectus, in accordance with the Prospectus Regulation, the CSSF does not engage in the economic or financial opportunity of the operations contemplated by this Prospectus or the quality and solvency of the Issuer and in accordance with Article 6 (4) of the Luxembourg act relating to prospectuses for securities dated July 16, 2019 (*Loi du 16 juillet 2019 relative aux prospectus pour valeurs mobilières et portant mise en œuvre du règlement (UE) 2017/1129*), the CSSF gives no undertaking as to the economic and financial soundness of the transaction or the quality or solvency of the Issuer. Investors should make their own assessment as to the suitability of investing in the Notes. Application has also been made to the Luxembourg Stock Exchange for the Notes to be admitted to trading on the Luxembourg Stock Exchange's regulated market and to be listed on the Official List of the Luxembourg Stock Exchange. The Luxembourg Stock Exchange's regulated market is a regulated market for the purposes of the Markets in Financial Instrument Directive 2014/65/EU (**MiFID II**).

This Prospectus is valid until June 12, 2025; in the event of significant new factors, material mistakes or material inaccuracies, the obligation of the Issuer to supplement the Prospectus will apply only until the Notes are admitted to trading on the Luxembourg Stock Exchange's regulated market, pursuant to Article 12(1) of the Prospectus Regulation.

The Notes will be issued on the Issue Date in the denomination of EUR 100,000 each and will at all times be represented in book-entry form (*dématerialisés*), in compliance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier*, in the books of the Account Holders (as defined in "*Terms and Conditions of the Notes – Form, Denomination and Title*"). (**Euroclear**). The Notes have been accepted for clearance through Euroclear France, Euroclear and Clearstream.

This Prospectus is to be read and construed in conjunction with all documents which are incorporated herein by reference. See "*Documents Incorporated by Reference*" of this Prospectus.

An investment in the Notes involves certain risks. For a description of these risks, see "*Risk Factors*".

This Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer or the Subscriber to subscribe for, or purchase, any Notes.

This Prospectus may only be used for the purpose for which it has been published.

Prospective investors should have regard to the factors described under the section headed “Risk Factors” or incorporated by reference in this Prospectus. This Prospectus identifies in general terms certain information that a prospective investor should consider prior to making an investment in the Notes. However, a prospective investor should conduct its own thorough analysis (including its own accounting, legal and tax analysis) prior to deciding whether to invest in any Notes as any evaluation of the suitability for an investor of an investment in the Notes depends upon a prospective investor’s particular financial and other circumstances, as well as on the specific terms

of the Notes and, if it does not have sufficient experience in financial, business and investment matters to permit it to make such a determination, it should consult its financial adviser on the suitability of the Notes prior to deciding to make an investment.

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial and other situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the potential Investor's Currency (as defined herein);
- (d) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets and with the regulatory framework applicable to the Issuer; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) the Notes are legal investments for it, (ii) the Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any of the Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

PROHIBITION OF SALES TO EUROPEAN ECONOMIC AREA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area. For these purposes, a retail investor means a person who is one (or both) of the following: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (**MiFID II**); or (ii) a customer within the meaning of Directive (EU) 2016/97 where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (the **PRIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the European Economic Area has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the European Economic Area may be unlawful under the PRIPs Regulation.

PROHIBITION OF SALES TO UNITED KINGDOM RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (**UK**). For these purposes, a retail investor means a person who is one (or both) of the following: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law in the UK by virtue of the European Union (Withdrawal) Act 2018 (**EUWA**); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (**FSMA**) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97 where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU)

*No 600/2014 as it forms part of domestic law in the UK by virtue of the EUWA (**UK MiFIR**). Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law in the UK by virtue of the EUWA (the **UK PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.*

CERTAIN INFORMATION ABOUT THIS PROSPECTUS

The Group's audited consolidated financial statements for the years ended December 31, 2023 and December 31, 2022 (the **Consolidated Financial Statements**) are prepared in accordance with International Financial Reporting Standards (**IFRS**) as endorsed by the European Union and published in Euro. Unless otherwise stated, all amounts in this Prospectus are (i) expressed in Euro, with applicable foreign exchange rates presented on page 36 of the 2023 Universal Registration Document (as defined under "*Documents Incorporated by Reference*"), and (ii) presented in millions for convenience. Such amounts may have been rounded. Rounding differences may exist, including for percentages.

This Prospectus incorporates by reference the Consolidated Financial Statements which are included in Part 6 of the 2023 Universal Registration Document (as defined under "*Documents Incorporated by Reference*") and have been prepared in compliance with IFRS and interpretations of the IFRS Interpretations Committee that are endorsed by the European Union before the balance sheet date with a compulsory date of January 1, 2023. Accordingly, the Group uses the option provided by the European Union which allows not to apply the annual cohort requirement under IFRS 17 - Insurance Contracts for determining the groups of insurance contracts meeting some criteria.

All references in this document to **Euro**, **euro**, **EUR** and **€** refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community.

In this Prospectus, unless stated otherwise, a reference to a law or a provision of a law is a reference to that law or provision as extended, amended or re-enacted.

FORWARD-LOOKING STATEMENTS

This Prospectus (and the information incorporated by reference therein) may include statements with respect to future events, trends, plans, expectations or objectives and other forward-looking statements relating to the Group's future business, financial condition, results of operations, performance, and strategy. Forward-looking statements are not statements of historical fact and may contain the terms "may", "will", "should", "continue", "aims", "estimates", "projects", "believes", "intends", "expects", "plans", "seeks" or "anticipates", or words of similar meaning. Such statements are based on Management's current views and assumptions and, by nature, involve known and unknown risks and uncertainties; therefore, undue reliance should not be placed on them. Actual financial condition, results of operations, performance or events may differ materially from those expressed or implied in such forward-looking statements, due to a number of factors including, without limitation, general economic and political conditions and competitive situation; future financial market performance and conditions, including fluctuations in exchange and interest rates; frequency and severity of insured or reinsured loss events, and increases in loss expenses; mortality and morbidity levels and trends; persistency levels; changes in laws, regulations and standards; the impact of acquisitions and disposals, including related integration issues, and reorganization measures; and general competitive factors, in each case on a local, regional, national and/or global basis. Many of these factors may be more likely to occur, or more pronounced, as a result of catastrophic events, including weather-related catastrophic events, pandemics events or terrorist-related incidents. Please refer to Part 5 – "Risk factors and risk management" of the 2023 Universal Registration Document for a description of certain important factors, risks and uncertainties that may affect AXA's business and/or results of operations. AXA undertakes no obligation to publicly update or revise any of these forward-looking statements, whether to reflect new information, future events or circumstances or otherwise, except as required by applicable laws and regulations.

This Prospectus refers to certain non-GAAP financial measures, or alternative performance measures (**APMs**), used by Management in analysing the Group's operating trends, financial performance and financial position and providing investors with additional information that Management believes to be useful and relevant regarding the Group's results. These non-GAAP financial measures generally have no standardised meaning and therefore may not be comparable to similarly labelled measures used by other companies. As a result, none of these non-GAAP financial measures should be considered in isolation from, or as a substitute for, the Group's Consolidated Financial Statements prepared in accordance with IFRS and incorporated by reference herein. The non-GAAP financial measures used by the Group are defined in the Glossary set forth on pages 559 to 562 of the 2023 Universal Registration Document and of the 2023 French Universal Registration Document.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

Words and expressions defined in “Overview of the Form of the Notes” and “Terms and Conditions of the Notes” shall have the same meanings when used in this section “Risk Factors”.

RISK FACTORS RELATING TO THE NOTES

The following paragraphs describe the risk factors that the Issuer believes to be material to the Notes to be issued in order to assess the risks associated with the Notes. Therefore, they do not describe all potential risks of an investment in the Notes.

Risks related to the structure of the Notes

Notes subject to optional redemption by the Issuer for tax reasons

An optional redemption of the Notes for tax reasons may adversely affect the market value of such Notes. During any period when the Issuer may elect to redeem the Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed.

The redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholders. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested.

Application of the resolution powers under the proposed EU Directive on Recovery and Resolution of Insurance Undertakings

On September 22, 2021, the European Commission published its proposed directive on the recovery and resolution of insurance and reinsurance undertakings (proposal for a Directive of the European Parliament and of the Council establishing a framework for the recovery and resolution of insurance and reinsurance undertakings and amending Directives 2002/47/EC, 2004/25/EC, 2007/36/EC, 2014/59/EU, (EU) 2017/1132 and Regulations (EU) No 1094/2010, (EU) No 648/2012, (EU) No 806/2014 and (EU) 2017/1129) (**IRR**D).

If adopted in its current form, the proposed IRRD would provide for (i) a variety of preventive measures to reduce the likelihood of insurance or reinsurance undertakings requiring public financial support and (ii) the commencement of resolution procedures when insurance or reinsurance undertakings are failing or likely to fail, where there is no prospect that private sector alternatives or supervisory measures would prevent such failure. An insurance or reinsurance undertaking shall be failing or likely to fail in any one of the following circumstances: (a) it breaches or is likely to breach its minimum capital requirement (MCR) and there is no reasonable prospect of compliance being restored; (b) it no longer fulfils the conditions for authorisation or fails seriously in its obligations under the laws and regulations to which it is subject, or there are objective elements to support that the undertaking will, in the near future, seriously fail its obligations in a way that would justify the withdrawal of the authorisation; (c) the assets of the insurance or reinsurance undertaking are inferior to its liabilities, or there are objective elements to support that the undertaking will, in the near future, be in such a situation; (d) it is unable to pay its debts or other liabilities, including payments to policyholders or beneficiaries, as they fall due, or there are objective elements to support a determination that the undertaking will, in the near future, be in such a situation; or (e) extraordinary public financial support is required.

The proposed IRRD provides, in case of resolution, for the application of a number of resolution tools, such as write-down and conversion, which would allow resolution authorities to write down or convert capital instruments, debt instruments and other eligible liabilities of insurance or reinsurance undertakings on a permanent basis, generally in inverse order of their ranking in liquidation, so that the tool would apply first to equity instruments and then to tier 1 instruments and then to tier 2 instruments, and then to other instruments with a higher ranking in liquidation (such as the Notes).

Normal insolvency proceedings will remain the alternative path for the whole or parts of a (re)insurer that cannot be resolved, and the proposed IRRD provides for a no creditor worse-off principle, the exact extent of which remains to be determined.

It is not yet possible to assess the full impact of the proposed IRRD or any corresponding implementing French legislation.

If the resolution tools, including the bail-in tool, within the proposed IRRD are adopted in their current form, despite a no creditor worse-off principle being applicable, Noteholders could be affected and lose all or part of their investment in the Notes if the Issuer and/or the Group were to experience financial difficulty and be failing or likely to fail. In addition, if the Issuer's and/or the Group's financial condition deteriorates, or is perceived to deteriorate, the existence of these powers could cause the market value and/or the liquidity of the Notes to decline more rapidly than would be the case in the absence of such powers.

No limitation on issuing or guaranteeing debt, including debt ranking pari passu with the Notes

There is no restriction on the amount of unsecured debt which the Issuer may issue. The Issuer and its subsidiaries and affiliates may incur additional indebtedness or grant guarantees in respect of indebtedness of third parties, including indebtedness or guarantees that rank *pari passu* with the Notes. If the Issuer's financial condition were to deteriorate, the relevant Noteholders could suffer direct and materially adverse consequences, including, if the Issuer were liquidated (whether voluntarily or involuntarily), loss by the relevant Noteholders of all or a portion of their investment.

Fixed interest rate risk

The Notes will bear interest at a fixed rate. Investment in the Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Notes during this period.

Risks related to the Notes generally

French Insolvency Law

As a *société anonyme* incorporated in France and having its interests in France, French insolvency laws could apply to the Issuer. Under French insolvency laws, in the case of the opening in France of an accelerated safeguard procedure (*procédure de sauvegarde accélérée*) or a safeguard procedure (*procédure de sauvegarde*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) or a judicial liquidation procedure (*procédure de liquidation judiciaire*) in respect of the Issuer, creditors of the Issuer (including Noteholders) must file their proof of claims with the creditors' representative or liquidator, as the case may be, within two months (or within four months in the case of creditors domiciled outside metropolitan France) of the publication of the opening judgment of the procedure in the BODACC (*Bulletin officiel des annonces civiles et commerciales*).

As part of a safeguard procedure or a judicial reorganisation procedure, the affected parties (i.e. creditors and equity holders whose rights are affected by the proposed restructuring plan) may be grouped into classes of affected parties reflecting sufficient commonality of economic interest based on objective verifiable criteria (the establishment of creditor classes is not mandatory under certain thresholds (see below) applicable to the debtor company and its subsidiaries). As part of an accelerated safeguard procedure, the establishment of affected parties' classes would however be mandatory.

The allocation of affected parties among classes is carried out by the court-appointed judicial administrator. In this context and should they be directly affected by the proposed restructuring plan, Noteholders would therefore be members of a class of affected parties (the **Relevant Class of Affected Parties**) (although it cannot be excluded that the Noteholders are divided into more relevant classes of affected parties based on objective and ascertainable criteria), potentially along with other affected parties.

In addition, the receiver (*administrateur judiciaire*) is required to comply with subordination agreements when allocating affected parties into classes. The receiver must disclose the method of allocation of affected parties into classes and the computation of voting rights thereof and the interested Holder may dispute the same before the relevant procedure's supervisory judge (*juge commissaire*).

The Relevant Class of Affected Parties will deliberate on the draft safeguard plan (*projet de plan de sauvegarde*), the draft accelerated safeguard plan (*projet de plan de sauvegarde accélérée*) or the draft judicial reorganisation plan (*projet de plan de redressement*), as applicable, and may further agree to:

- increase the liabilities (*charges*) of the relevant affected parties (including the Noteholders) by rescheduling due payments and/or partially or totally writing off claims;
- a differentiated treatment between affected parties as appropriate under the circumstances; and/or
- convert debt claims (including the Notes) into shares or securities that give or may give right to share capital.

The Relevant Class of Affected Parties would vote on the proposed plan at a two-third majority (calculated as a proportion of the relevant claims or rights held by affected parties of the Relevant Class of Affected Parties expressing a vote). In this case, the provisions applicable to the Relevant Class of Affected Parties deliberations shall prevail over the provisions relating to the *Masse* of the Noteholders described in “*Terms and Conditions of the Notes – Representation of the Noteholders*” set out in this Prospectus.

However, a restructuring plan may also be adopted despite the negative vote of the Relevant Class of Affected Parties on the proposed plan through the court-imposed cross-class cram-down mechanism.

In order for the court to impose a cross-class cram-down, various conditions must be met, including the following conditions:

- (i) the debtor has consented to the cross-class cram-down if the plan has been submitted as part of an accelerated safeguard procedure or a safeguard procedure. As part of a reorganisation procedure any affected party is entitled to request the application of the cross-class cram-down mechanism;
- (ii) the plan has been approved by a majority of classes (provided that at least one of those classes is a class of secured creditors or a class ranking senior to the class of ordinary unsecured creditors) or, failing that, by at least one class (other than a class of equity holders or any other class which is “out of the money”);
- (iii) the “best interests of creditors” test is complied with (according to which any affected party which has voted against the plan should not be in a less favourable situation than it would have been in the event of a judicial liquidation, a disposal plan or a better alternative solution);
- (iv) the “absolute priority rule” is complied with (according to which the claims of a dissenting class must be fully discharged (by identical or equivalent means) when a junior class is entitled to a payment or retain an interest under the plan). The court may, however, waive this rule under certain conditions;
- (v) affected parties benefit from an equal treatment and are treated in proportion to their claim or right;
- (vi) no class of affected parties is entitled under the plan to receive or retain more than the full amount of their claims or interest; and
- (vii) provided that new financings are necessary to the restructuring plan, these would not entail excessive harm to the interests of the affected parties.

In a judicial reorganisation procedure, in the absence of the adoption of a plan through the classes’ mechanism, creditors would be consulted individually on a plan proposal. As part of this individual consultation, the court has the possibility to impose a debt term out on dissenting creditors (including a Noteholder), which may be up to 10 years.

For the avoidance of doubt, the provisions relating to the meetings of the Noteholders described in “*Terms and Conditions of the Notes – Representation of the Noteholders*” set out in this Prospectus will not be applicable to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances. The procedures, as described above or as these may

be amended, could have an adverse impact on Noteholders seeking repayment in the event that the Issuer was to be subject to French insolvency procedures.

The preventive and insolvency procedures in France are regulated by the provisions of the French *Code de commerce* as amended by ordinance n°2021-1193 dated September 15, 2021 and its implementation decree n°2021-1218 dated September 23, 2021, which is transposing directive (EU) 2019/1023 dated June 20, 2019. These provisions would govern the common rights, interests and representation of the Noteholders in this context. As a result, Noteholders would generally have limited ability to influence the outcome of an accelerated safeguard (*procédure de sauvegarde accélérée*), a safeguard (*procédure de sauvegarde*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) of the Issuer in France.

The commencement of preventive or insolvency procedures against the Issuer may have a material adverse effect on the market value of Notes issued by the Issuer. Any decisions taken by the Relevant Class of Affected Parties or a class of creditor, as the case may be, could substantially impact the Noteholders and even cause them to lose all or part of their investment, should they not be able to recover amounts due to them from the Issuer.

Effect of resolutions passed at the meetings of the Noteholders

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Taxation

Noteholders may be required to pay taxes or documentary charges or duties in accordance with the laws and practices of the jurisdiction where the Notes are transferred or other jurisdictions, which may have an impact on the net income received from the Notes. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. Potential investors should ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, disposal and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor.

Change in law

The Terms and Conditions of the Notes are governed by French law in effect as at the date of this Prospectus. The impact of any possible judicial decision or change to French law or administrative practice after the date of this Prospectus remains unknown. Any such decision or change could be unfavourable to creditors' rights, including those of the Noteholders. If any change in law turns out to be unfavourable to the Issuer and/or the Noteholders, it could have a negative impact on the market value of the Notes.

Risks related to the market generally

Market value of the Notes

The market value of the Notes will be affected by the creditworthiness of the Issuer and/or that of the Group and a number of additional factors, including, but not limited to, market interest, yield rates and certain market expectations with respect to the Issuer making use of a right to redeem the Notes.

Further to the above, the value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes in the case of an early redemption, as the case may be, may be at a discount, which could be substantial, from the issue price or the purchase price originally paid by such Noteholder.

Liquidity risks/Trading market for the Notes

The Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This may have an adverse effect on the market value of the Notes as well as a negative impact on the liquidity of the Notes, and result in low trading volumes. The degree of liquidity of the Notes may have a negative impact on the price at which an investor can dispose of the Notes where the investor is seeking to achieve a sale within a short timeframe. Investors may not be able to sell Notes readily or at prices that will enable investors to realise their anticipated yield. The purchased Notes may not be readily tradable and the value of Notes may fluctuate over time and such fluctuations may be significant.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in Euro (the **Specified Currency**). This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

TERMS AND CONDITIONS OF THE NOTES

The issue of €125,000,000 aggregate principal amount of 3.47 per cent. Notes due 2028 (the **Notes**) of AXA, a French *société anonyme* (the **Issuer**), was authorised by Thomas Buberl, Chief Executive Officer of the Issuer on June 10, 2024 pursuant to a resolution of the Board of Directors (*Conseil d'Administration*) of the Issuer dated February 21, 2024.

The Issuer will enter into an agency agreement relating to the Notes (the **Agency Agreement**) to be dated on or about June 12, 2024 with BNP Paribas acting through its securities services business as fiscal agent, paying agent and issuing agent. The fiscal agent, paying agent and issuing agent for the time being for the Notes are referred to in these Conditions as the **Fiscal Agent**, the **Paying Agent** and the **Issuing Agent**, respectively. Each of such expressions shall include the successor(s) from time to time of the relevant person(s), in such capacities, under the Agency Agreement, and are collectively referred to as the **Agents**. References below to **Conditions** are, unless the context otherwise requires, to the numbered paragraphs contained in the terms and conditions set forth herein.

1. FORM, DENOMINATION AND TITLE

The Notes will be issued in dematerialised bearer form (*au porteur*) in the denomination of €100,000 per Note. Title to the Notes will be evidenced in accordance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier* by book-entries (*dématisation*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Notes.

The Notes will, upon issue, be inscribed in the books of Euroclear France S.A. (**Euroclear France**), which shall credit the accounts of the Account Holders. For the purpose of these Conditions, **Account Holders** shall mean any authorised financial intermediary institution entitled to hold accounts directly or indirectly on behalf of its customers with Euroclear France, which includes the depositary bank for Clearstream Banking S.A. (**Clearstream**) and Euroclear Bank S.A./N.V. (**Euroclear**).

Title to the Notes shall at all times be evidenced by entries in the books of the Account Holders, and transfer of Notes may only be effected through registration of the transfer in the books of Account Holders.

2. STATUS OF THE NOTES

The obligations of the Issuer in respect of the Notes are direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other present and future unsecured and unsubordinated obligations of the Issuer, from time to time outstanding.

3. INTEREST

3.1 Interest Payment Dates

The Notes bear interest from, and including, June 17, 2024 (the **Issue Date**) to, but excluding, the Maturity Date, at the rate of 3.47 per cent. *per annum* (calculated on the principal amount of the Notes), payable annually in arrear on June 17 of each year (each, an **Interest Payment Date**), and for the first time on June 17, 2025.

Where interest is to be calculated in respect of a period which is equal to or shorter than an Interest Period (as defined below), or in respect of the first Interest Period, the day-count fraction used will be the Actual/Actual-ICMA method being the number of days in the relevant period, from and including the date from which interest begins to accrue to but excluding the date on which it falls due, divided by the number of days in the Interest Period in which the relevant period falls (including the first such day but excluding the last). The period beginning on the Issue Date and ending on the first Interest Payment Date and each successive period commencing on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date is called an **Interest Period**.

3.2 Interest Payments

Each Note will cease to bear interest from the date on which it is to be redeemed, unless payment of the full amount due in respect of the Note is improperly withheld or refused on such due date. In such event, such Note shall continue to bear interest at the Rate of Interest plus 1 per cent. *per annum* in accordance with this Condition (both before and after judgment) until whichever is the earlier of (a) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant holder of the Note (the **Noteholder**) and (b) the day after the Fiscal Agent has notified the Noteholders in accordance with Condition 9 of receipt of all sums due in respect of all Notes up to that day (except if and to the extent the subsequent payment to the relevant Noteholders is not made in accordance with these Conditions).

Interest payments will be made subject to, and in accordance with, the provisions of Condition 5.

4. REDEMPTION AND PURCHASE

The Notes may not be redeemed other than in accordance with this Condition 4 or Condition 7.

4.1 Redemption at Maturity

Unless previously redeemed or purchased and cancelled, the Notes will be redeemed by the Issuer in cash at their principal amount (*i.e.* €100,000 per Note) on June 17, 2028 (the **Maturity Date**).

4.2 Redemption for Tax Reasons

- (i) The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time by giving not less than thirty (30) nor more than forty-five (45) days' notice to the Paying Agent and, in accordance with Condition 9, the Noteholders, if on the date of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 6.2 as a result of (a) any change in, or amendment to, the laws or regulations of France or any political subdivision of, or any authority in, or of, France having power to tax, or (b) any change in the application or official interpretation of such laws or regulations, and such change or amendment only occurs or became effective on or after the Issue Date, provided that the due date for redemption shall be no earlier than the latest practicable date on which the Issuer could make such payment without withholding or deduction for French taxes. Prior to the giving of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Paying Agent (i) a certificate signed by a director of the Issuer setting forth a statement of facts showing that the conditions precedent to the right of the Issuer to redeem as aforesaid have occurred and stating that the Issuer is entitled to effect such redemption and (ii) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.
- (ii) If the Issuer would on the date of the next payment due under the Notes be prevented by French law from making payment to the Noteholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 6.2, then the Issuer shall forthwith give notice of such fact to the Paying Agent and subject to having given not less than seven (7) nor more than thirty (30) days' notice to the Noteholders, the Issuer shall redeem all, but not some only, of the Notes then outstanding, provided that the due date for redemption of which notice hereunder shall be given, shall be the latest practicable date on which the Issuer could make payment without withholding or deduction for French taxes, or if such date is past, as soon as is practicable thereafter.
- (iii) Notes redeemed pursuant to this Condition 4.2 will be redeemed at their principal amount with accrued interest (if any) to the date set for redemption provided that the due date for redemption shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for French taxes or, if such date has passed, as soon as practicable thereafter.

4.3 Purchases

The Issuer or any subsidiary of the Issuer may at any time purchase Notes at any price in the open market or otherwise. All Notes so purchased by the Issuer may be (i) held and resold in accordance with applicable French laws and regulations or (ii) cancelled in accordance with Article L.228-74 of the French *Code de commerce*.

4.4 Cancellation

All Notes which are redeemed or purchased for cancellation by the Issuer shall be cancelled forthwith. Any Notes so cancelled may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

5. PAYMENTS

5.1 Method of Payment

Payments of principal, interest and other amounts in respect of the Notes will be made in Euros by credit or transfer to a Euro account (or any other account to which Euros may be credited or transferred). Such payments shall be made for the benefit of the Noteholders to the Account Holders and all such payments so made to the relevant Account Holders shall discharge the liability of the Issuer under the Notes to the extent of the sums so paid.

Payments of principal, interest and other amounts on the Notes will be subject in all cases to any fiscal or other laws and regulations applicable thereto in any jurisdiction (whether by operation of law or agreement of the Issuer) and the Issuer will not be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements, but without prejudice to the provisions of Condition 5.

5.2 Payments on Business Days

If any due date for payment of principal, interest or any other amount in respect of any Note is not a T2 business day, then the Noteholder shall not be entitled to payment of the amount due until the next following day which is a T2 business day and the Noteholder shall not be entitled to any interest or other sums in respect of such postponed payment. In this condition, the expression **T2 business day** means a day upon which the real-time gross settlement system operated by the Eurosystem or any successor thereto is open.

5.3 Fiscal Agent, Paying Agent and Issuing Agent

The name of the initial Fiscal Agent, Paying Agent and Issuing Agent and its specified office is set forth below.

FISCAL AGENT, PAYING AGENT AND ISSUING AGENT

BNP Paribas
(affiliated with Euroclear France under number 29106)

The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent or any Paying Agent and/or appoint additional or other Paying Agents or approve any change in the office through which any such Agent acts, provided that there will at all times be a Fiscal Agent and a Paying Agent having a specified office in a major European city. Any termination or appointment shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not more than forty-five (45) nor less than thirty (30) calendar days' notice thereof shall have been given to the Noteholders by the Issuer in accordance with Condition 9.

6. TAXATION

6.1 Withholding Tax

All payments of principal, interest and other assimilated revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any present or future taxes, duties, assessments or other governmental charges of whatever nature imposed or levied by or on behalf of France or any political subdivision thereof, or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

6.2 Additional Amounts

If French law should require that any payments in respect of the Notes be subject to withholding or deduction with respect to any present or future taxes, duties, assessments or other governmental charges whatsoever imposed or levied by or on behalf of France or any political subdivision thereof, or any authority therein or thereof having power to tax, the Issuer shall, to the fullest extent then permitted by law, pay such additional amounts as may be necessary in order that the net amounts received by Noteholders after such withholding or deduction shall equal the respective amounts of principal, interest and other assimilated revenues which would otherwise have been receivable in respect of the Notes in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note (i) to a Noteholder, or to a third party on behalf of a Noteholder, who is liable for such taxes, duties, assessments or other governmental charges in respect of such Note by reason of his having some connection with France other than the mere holding of such Note or (ii) to a Noteholder who would not be liable or subject to such withholding or deduction by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority.

7. EVENTS OF DEFAULT

If any one or more of the following events (each an **Event of Default**) shall have occurred and be continuing:

- (i) default is made in the payment of any principal, premium (if any) or interest due in respect of the Notes or any of them and the default continues for a period of fifteen (15) days in the case of principal or premium (if any) and fifteen (15) days in the case of interest; or
- (ii) the Issuer fails to perform or observe any of its other obligations under the Conditions and (except in any case where the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of thirty (30) days next following the service by a Noteholder on the Issuer of notice requiring the same to be remedied; or
- (iii) any other present or future indebtedness of the Issuer for borrowed monies in excess of €150,000,000 (or its equivalent in any other currency), whether individually or in the aggregate, becomes due and payable prior to its stated maturity as a result of a default thereunder, or any such indebtedness shall not be paid when due or, as the case may be, within any applicable grace period therefore or any steps shall be taken to enforce any security in respect of any such indebtedness or any guarantee given by the Issuer for, or in respect of, any such indebtedness of others shall not be honoured when due and called upon; or
- (iv) the Issuer makes any proposal for a general moratorium in relation to its debt or a judgment is issued for the judicial liquidation (*liquidation judiciaire*) or for a judicial transfer of the whole of the business (*cession totale de l'entreprise*) of the Issuer or, to the extent permitted by applicable law, the Issuer makes any conveyance, assignment or other arrangement for the benefit of its creditors generally or the Issuer is subject to any other insolvency or bankruptcy proceedings, or the Issuer is wound up or dissolved except in connection with a merger where the entity resulting from such merger assumes all the obligations of the Issuer under the Notes;

then the Representative, upon request of any Noteholder, may, by written notice to the Issuer at the specified office of the Fiscal Agent, effective upon the date of receipt thereof by the Paying Agent,

declare all the Notes (but not some only) to be forthwith due and payable whereupon the same shall become forthwith due and payable at their principal amount, together with accrued interest (if any) to the date of repayment, without presentment, demand, protest or other notice of any kind.

8. REPRESENTATION OF THE NOTEHOLDERS

The Noteholders will be grouped for the defence of their common interests in a *masse* (hereinafter referred to as the **Masse**).

The *Masse* will be governed by the provisions of the French *Code de commerce*.

8.1 Expenses

AXA trains its individual shareholders on the challenges of climate change

AXA is today announcing the roll-out of its training offer on the challenges of climate change to its individual shareholders, thus confirming its ambition to be a responsible player in society in the face of environmental challenges.

The fight against climate change, as well as prevention and adaptation to this change, are strategic pillars for AXA, as an insurer, as an investor and as an employer. This is why, after having trained 96% of its employees in the challenges of climate change through a training program created by AXA Climate, the Group is now going to offer this training, The Climate School, to its individual shareholders.

AXA Climate's Climate School has been produced with contributions from over 120 scientists, experts and researchers around the world and is the most comprehensive 100% digital micro-learning catalogue on environmental and sustainable transition issues to date. It provides a user-friendly, science-based learning experience to explain the impacts of climate change on the environment and businesses, and to show what can be done to reduce them at both individual and corporate level. It is, for example, through this platform and its various modules that we aim to reinforce the awareness of our individual shareholders about these issues.

The development of extra-financial knowledge is essential to ensure an effective and sustainable transition of our business. Our individual shareholders are an integral part of this process, and their involvement will be essential in realizing the actions that the AXA Group has been undertaking for many years.

“AXA has always placed science at the heart of its actions. This training course, which we are now going to open up to our individual shareholders, is one of the ways in which we are demonstrating this. By educating as many people as possible, we are continuing and persevering in our commitment to a more virtuous, low-carbon world”, said **Ulrike Decoene**, Group Chief Communications, Brand and Sustainability Officer.

“We provide our training to a wide range of clients to help them ensure the success of their ecological transition and their adaptation to the effects of climate change. By developing the knowledge of AXA's individual shareholders, we are taking a further crucial step in supporting all our stakeholders, who are key to the success of AXA's climate ambitions”, said **Antoine Denoix**, Chief Executive Officer of AXA Climate.”

Liverpool FC and AXA Celebrate Continued Growth of Its Successful Partnership Until 2029

- **2018: AXA signed as LFC's Official Insurance Partner**
- **2019: AXA becomes principal partner and the club's Official Training Kit Partner**
- **2020: Secures naming rights for AXA Training Centre**
- **2023: Secures naming rights for AXA Melwood Training Centre and becomes Official Global Training Partner**

Liverpool FC and Official Global Training Partner AXA have agreed to a five-year extension, continuing their long-term meaningful partnership until at least 2029.

AXA, global insurance leader with 147,000 employees across the world, joined the LFC partner family as the club's Official Insurance Partner in 2018. Built upon shared common values and aspirations on and off the pitch, the partnership has grown and evolved over the past several seasons with AXA demonstrating its commitment to the LFC men's team and women's team. As Official Global Training Partner, from the outset, AXA has been striving to support the common goal of promoting well-being, a healthy lifestyle and supporting progress.

The partnership between Liverpool and AXA has been marked by numerous milestones. AXA has proudly been featured on all Liverpool FC training kits since 2019 when it became the club's Official Training Kit Partner. In 2020, AXA expanded its partnership to include the naming rights of a new state-of-the-art training facility – the AXA Training Centre – in Kirkby. The renewed agreement saw AXA expand its original training kit relationship to one focused more holistically on training and helped kickstart the beginning of a new chapter in the club's illustrious history.

AXA and LFC further strengthened their partnership when the club welcomed Melwood back to the LFC family as the new home to LFC Women, officially known as the AXA Melwood Training Centre. The move back to this legendary location steeped in history opened another exciting chapter for the women's team and girls' academy, enabling them to continue to compete at the highest level, attracting, developing and retaining the best talent in the game.

Both state-of-the-art facilities have played a pivotal role in nurturing talent and achieving success on the pitch, further solidifying AXA's commitment to both the women's and men's teams and supporting the development of football at all levels. Specifically, the AXA Melwood Training Centre embodies AXA's dedication to empowering women in sports. In a world where female athletes often face challenges, AXA stands firm in its belief that "Being a woman shouldn't be a risk". The AXA Melwood Training Centre stands as a testament to this commitment, providing a secure and empowering space for the Liverpool FC Women's team and girls' academy to thrive.

Ben Latty, Commercial Director at LFC, said: "Partnering with global brands and developing long-term, meaningful relationships is a vital part of our commercial strategy. The naming rights of our state-of-the-art training facilities and AXA's presence on our training kits have been instrumental in our success, and this renewal reaffirms AXA's commitment to our men's and women's teams, our fans, and our communities. We are excited to see how this partnership will continue to grow and evolve."

Virginie Berçot, Global Brand Director, said: "This marks a continuation of our proud and enduring story. We are pleased to announce the extension of our long-term commitment to the club until 2029, following our previous dedication to the women's teams by lending our name to their new training centre seven months ago. Becoming the sole and exclusive Global Training Partner of the club is a significant milestone for us, reaffirming our strategy of a fruitful and purposeful collaboration around our brand priorities."

AXA announces an agreement to terminate the sale of a closed life and pensions portfolio at AXA Germany, and that AXA Life Europe has entered into a reinsurance agreement for an in-force Savings portfolio

AXA announces today that AXA and Athora have mutually agreed to terminate the sale agreement related to the purchase of a closed life and pensions portfolio from AXA Germany, which was initially communicated on July 14, 2022. AXA will retain this portfolio, which is well capitalized and duration matched, as well as its associated earnings. The termination is expected to have no impact on the financial targets announced by the Group as part of its new strategic plan, “Unlock the Future”.

Separately, AXA Group also announces today that its subsidiary AXA Life Europe¹ has entered into a reinsurance agreement² with New Reinsurance Company³ that covers ca. Euro 3 billion of Variable Annuity reserves⁴. This transaction will result in a reduction in underlying earnings of ca. Euro 20 million per annum from 2024 onwards. AXA intends to offset the resulting earnings dilution related to the reinsurance agreement at AXA Life Europe with a Euro 0.2 billion share buyback to be completed by year-end⁵. The transaction, including the impact of the share buyback, is expected to have a ca. – 1 point impact on AXA Group’s Solvency II ratio⁶.”

¹ AXA Life Europe, an Irish entity, manages a portfolio of variable annuity products primarily sold in Germany. It has been closed to new business since 2017.

² The reinsurance agreement provides cover for all risks of AXA Life Europe’s portfolio during the accumulation phase, excluding only expenses relating to the management of the portfolio of AXA Life Europe. Longevity risk during the decumulation phase is excluded from the scope of this agreement.

³ New Reinsurance Company Ltd, a Swiss entity, is a subsidiary of Munich Re and a member of the Munich Re Group

3 The Solvency II ratio is estimated primarily using AXA's internal model calibrated based on an adverse 1/200 year shock. It includes a theoretical amount for dividends accrued for the first three months of 2024, based on the full-year dividend of Euro 1.98 per share to be paid in 2024 for FY23. It also includes a theoretical amount for an annual share buy-back for the first three months of 2024, based on the annual share buy-back of Euro 1.1 billion to be executed in 2024 for FY23. Dividends and share buy-backs are proposed by the Board, at its discretion based on a variety of factors described in AXA's 2023 Universal Registration Document, and then submitted to AXA's shareholders for approval. The foregoing should not be considered in any way to be an indication of the actual dividend and share buy-back amount, if any, for the 2024 financial year. For further information on AXA's internal model and Solvency II disclosures, please refer to AXA Group's SFCR as of December 31, 2022, available on AXA's website (www.axa.com). The Universal Postal Union (UPU) and AXA Join Forces to Advance Inclusive Insurance through Postal Networks

- Over 1.5 billion people worldwide – approximately 28% of the global adult population – access financial services through postal networks
- 53% of post offices in the world provide insurance, a critical financial service to strengthen the resilience of low-income individuals faced with irregular and unpredictable levels of revenue
- UPU and AXA sign a partnership to scale inclusive insurance through postal networks globally, starting with joint research, followed by technical assistance programs

Postal networks play a crucial role in global financial inclusion, with over a quarter of the world's adult population accessing formal financial services through their post office. This is possible because postal networks combine last-mile distribution reach with strong customer trust, thereby reaching very remote populations most other networks do not extend to, including those working in the informal economy. Posts have traditionally focused on payments and savings, and today insurance is generating a growing interest and shows great promise. In 2021, 53% of posts offered insurance, up from 38% in 2016¹³.

Through AXA Emerging Customers, the Group's inclusive insurance business, AXA provides affordable, accessible, and attractive insurance solutions to over 14 million people and micro-businesses¹⁴ by leveraging physical and digital distribution channels that target these lower income classes, have scaled and penetrated networks, as well as trusted brand names. Initially focused on emerging markets, AXA Emerging Customers is extending its geographical scope to Europe to bring inclusive insurance solutions to lower to middle income households and small businesses facing purchasing power and social protection challenges.

“Inclusive insurance is at the heart of AXA's new #UnlockTheFuture strategic plan, with an ambition to protect over 20 million customers around the world by 2026. Through this partnership with the Universal Postal Union, AXA reiterates its solid commitment to push the boundaries of insurance to better protect all”, said **Thomas Buberl**, Chief Executive Officer of AXA.

“This collaboration with AXA comes at a pivotal moment for the UPU as we work more closely with private sector partners to exchange knowledge, innovate, and ensure that postal financial services become more inclusive to meet the needs of customers. Capitalizing on the UPU's expansive network of postal operators and AXA's expertise, this partnership helps lay the groundwork for a flourishing and inclusive postal insurance sector”, said **Masahiko Metoki**, Director General of the Universal Postal Union.

This two-phased partnership between UPU and AXA will begin in Q2 2024 with a research program showcasing successful postal insurance models around the world to provide posts and insurers with insights and best practices.

Building on this research and its actionable conclusions, UPU and AXA will work together to establish the Postal Insurance Technical Assistance Facility (PITAF). PITAF will aim to provide local posts with both technical and financial support to avail, expand or diversify inclusive insurance schemes.

¹³ [Advancing financial inclusion through access to insurance: the role of postal networks](#)

¹⁴ AXA Group, Full Year results, 2023

Capitalizing on the UPU's postal network and AXA's insurance expertise, PITAF will help promote financial inclusion and risk mitigation amongst underserved populations.

"AXA strongly believes that Posts are ideally positioned to catalyse accessible, attractive, and affordable protection to underserved low-to-middle income individuals and small businesses. This collaboration with UPU is a new brick in AXA's ambition to join forces on inclusive insurance with Posts worldwide." said Garance **Wattez-Richard**, CEO of AXA Emerging Customers.

"This collaboration with AXA to enable inclusive postal insurance products, solutions and associated operating models is part of the UPU's commitment to facilitating financial inclusion for the world's underserved citizens. It also recognises the importance of partnerships in driving change. The UPU's reach and role as the postal sector's primary forum for international cooperation will provide AXA with pertinent insights on the inclusive insurance needs and requirements of postal customers whilst AXA's inclusive insurance expertise and innovation will help enhance postal network capabilities including its service offerings," said **Siva Somasundram**, UPU Director for Policy, Regulation and Markets."

Conflicts of Interest

The Chairman of the Board of Directors and the Chief Executive Officer do not currently carry out any professional activity or hold any directorship outside the AXA Group that the Board believes substantially interfere with or impede in any material way their availability to focus on the AXA Group and its business. Certain members of the Board of Directors, however, are corporate officers and/or executives of companies that may have agreements or enter into transactions from time to time with the AXA Group including furnishing services or goods, providing credit facilities, purchases of securities (for their own account or for third parties), and/or underwriting of securities, and/or product and service providing. These agreements or deals are systematically negotiated and performed at arm's length terms and conditions. Consequently, AXA does not believe that any of these agreements or transactions give rise to any conflicts of interests between (i) the directors' duties towards AXA and (ii) their private interests and/or other duties.

To the best of the Issuer's knowledge, there are no agreements or arrangements that have been entered into with major shareholders, customers, suppliers or others pursuant to which a member of the Board of Directors was selected.
